Memorial Day Picnic

Little River Springs Park

Ride the back roads of Suwannee County to work up an appetite for *Sonny's* Barbeque and a need to jump in a cool spring. To partake, you must be at the ride start **not later than 9:15 am** to place your order with the Lantern Rouge; plan on arriving by 9 am.

Depending on where you are coming from in Gainesville, it can take up to an hour to drive to the park, which is just north of Branford. Take US 27 from High Springs to Branford. Turn left onto US 129. Drive three miles north on US 129 and turn left onto County Road 248. A green "Little River Spring" marks the turn. Go about a mile toward the river (west) and follow signs to the spring.

You must be a club member to participate in the feast. We will sign you up on the spot if you're not a member (\$15 or \$20 for a whole family). Bring deserts and salads to complement the Sonny's fare, and a lawn chair.

Off Road

by Leslie Folkerth

Spring is in the air! It is a great time of year to be riding, and we've already been enjoying the trails, both at San Felasco and other places.

A couple of weeks ago we headed down to Santos for some fun. A total of 17 people made the trip, and most of us rode out to the "critter bridge" and back, stopping for a bit to play in the pits. Of course, we had to regain our energy by stopping at the Chinese Buffet on the way home!

League of American Bicyclists

Also, by the time you read this, we will have finished a ride at Alafia River State Park. There are a lot of trails down there, the majority being rather technical, so at this writing I anticipate a trip full of thrills and spills! And also lunch afterward...the best part of any trip!

Don't forget our regular Sunday rides out at San Felasco at 9 am. The time will be changing soon to 8 am, so watch your email for the announcement. As always, everyone

is welcome, regardless of skill level – there is always someone to ride with! And on Sunday, April 24, we'll be having our annual Earth Day ride at San Felasco at 10 am. This ride is suitable for families and beginners. We'll be having longer/faster rides as well, and afterwards Chandler plans to cook his famous spaghetti! Bring a side dish to share for a potluck, as this will be a GCC picnic day as well.

So – lots happening this spring. Don't forget about the night rides also, which are sponsored by the Friends of San Felasco. These are typically held the 2nd and 4th Fridays of the month, and the Wednesday closest to the full moon.

Details are always announced by email.

Thanks, and see ya on the trails!

President's Letter

Dear Friends:

On Saturday April 2nd at 11:00 AM we will dedicate a Memorial to Gus Antonini and Will Cupples. This is not a memorial service: We did that a year ago, and it was a fine and meaningful service. The April 2nd Dedication will be a recognition of an important addition to Paynes Prairie Preserve State Park and the Gainesville/Hawthorne Trail, which is part of the Park, and an acceptance of the Memorial by the Park management. And far from least in importance, it will be an opportunity to thank the good people who brought this Memorial into existence.

The Memorial is a covered bench located on the Sweetwater Branch Overlook on a short spur off the GHT near the Boulware Springs Trailhead. This spot, familiar to many of you, is a grand place to get a sweeping view of the Prairie basin. Right now the Prairie has an interesting aspect, because much of the water brought by the twin hurricanes last September is still with us, a relatively unusual situation in which the Prairie displays its aspect of being a wetland. There is water standing in shallow ponds everywhere you look, and thousands of water birds. Please come to the dedication ceremony, if only to see this dramatic view.

The Memorial bench was made possible through the generosity of Gus' widow, Victorina Basauri, and the dedication of the members of the Friends of the Gainesville/Hawthorne Trail and Tom Stevens, President of Froghat, who worked with Victorina and the families to raise the money for the necessary materials. Construction was the work of the State Park Service Alumni Association at their annual gathering and work-session, and the County prison crew which works on maintenance projects for the Park. The Friends of Paynes Prairie provided lunch and dinner to fuel this hard-working crew. The

design of the bench itself was originally done by the State Park Service, and several examples have been installed by the Office of Greenways and Trails along the Nature Coast Trail. I think there is at least one example on the Withlacoochee Trail. It's a good design, and one we hope will be duplicated at other points along the GHT. The bench features pressure-treated wood and a metal roof, a design and construction which will have a long service life.

So a large number of folks had a hand in bringing this Memorial to reality, and I want to extend the thanks of the Gainesville Cycling Club to each of them. It is heartwarming to be part of creating something that will preserve the memory of our fallen comrades, and to erecting such a valuable addition to our Park and Trail. Everyone who contributed to this effort should take pride that they had a hand in giving something to the community and to other cyclists, something that will serve the Park and Trail for many years. Thanks to all.

George H. Edwards

Dear Friends:

The following Policy was passed on to us by Tom Stevens, President of Froghat, along with the warning that dog complaints are fairly frequent. Useful phone numbers are: Paynes Prairie Preserve State Park Rangers Station - 466-3387 between 8:00 AM and sunset (the Park open times), or 466-3077 or 466-3226 after hours. The DEP Police can be reached at 352-955-6227. Emergency calls should go to 911. The note about calling the ASO in any case of dogbite is important because of the threat of rabies and the need for disease control. A dogbite probably warrants a 911 call, or you may wish to call the ASO Administrative number at 367-4000 and see where they send you.

In the past I have been told by the DEP Police that they wish to handle vicious dog matters themselves (rather than the ASO, who will call Animal Control), because the DEP can bring more serious charges against the owners when dog attacks happen on State property. But the few DEP patrol vehicles are spread over several counties and might not be able to respond to your call quickly. So if you have to call the ASO, you should follow up with a call to the DEP to put them in the picture.

Tom favors carrying pepper spray, and warns about using it in windy weather (!). I carry bear spray (available at Brasington's) - it's expensive but I tend to be down on the dog's level, so I guess it's worth it. I have heard that household ammonia in a spray bottle is also effective. Chandler says if you have nothing else, spray your water bottle in the dog's face and that will distract him.

Please report any problems with dogs, or let me know about them so that we can report the incidents to the proper authorities.

Cheers,

George

Official Policy On Dogs/Pets on the Gainesville-Hawthorne Trail

Pets are allowed on a hand-held leash, no more than 6 feet in length on that portion of the GHT from Boulware to the Preserve boundary (the gate) and from 60th Terrace (the other boundary gate) to Hawthorne. No pets are permitted within the Preserve boundary along the GHT and it is posted as such. Anyone with an unleashed pet (or having a pet within the Preserve) is subject to a citation. Owners are responsible for removing any pet droppings. Anytime someone is bitten, a report must be made to the Alachua County Sheriff's Office and the animal quarantined. Other disputes (such as barking or etc.) would have to be evaluated by a Law Enforcement agency (Alachua County Sheriff's Office or DEP Law Enforcement division). If you hear of a reoccurring problem with unleashed dogs, please pass the information along.

We would recommend that any pet in those portions of the Trail where permitted be kept on a short leash so the animal will not be stretching the leash across the trail, be sure and bring plastic bags to pick up droppings and insure that the vaccination tags are current and visible.

Thanks

Vidalia GA

Sweet Onion Century

With 24, 50, 63, 100 and 125-mile loops the Sweet Onion Century has a route for you. The lightly traveled quiet country roads on gently rolling terrain make this a great choice for novices and for those attempting their first century or Double-Metric. We aim for perfection, and think our routes are superb. Picturesque farms and small towns will keep you spinning with a smile at the beauty around you. The rest stops (located from 8 to 21 miles apart) offer plenty of fruit, cookies, snacks, sports drinks, and water, all provided with a smile by local volunteers striving to host the friendliest rest stop on the ride. The cookout at the end will again feature those delicious Vidalia onion burgers and veggie burgers.

 Welcome new members Karen Allman, Patricia Gregory, Carolyn J. McGilvray, Erika L. Pagel, Claire St. Peter, Carrie Stilwell, and Velvet Yates of Gainesville; and Marilyn Colby of Brockport, New York.

 Those of you with March 23 expiration dates are just getting your renewal form in the mail. We're going to extend your membership a few weeks to give you time to get your renewal in. We'll do our best to get new membership cards out to you quickly so that you'll have a valid id at the bike shops.

 Membership cards are in the mail for everyone who has joined/renewed this year (up through March 19). If you don't have a current membership card, drop an email to the membership secretary.

 Look for an email announcement for a meeting of the Editorial Board for this newsletter (probably for around May 1). We need to get more and more varied input for the content of this newsletter. It can go 16 pages, but as you may note, there was only enough stuff for 8 this time out.

Anyone who wants to provide input will be welcome at this meeting.
