AAA Bicycle Service

Redefining AAA Roadside Assistance

You can always expect to get more from AAA! Introducing our new, innovative member benefit: AAA Bicycle Service. Now, Florida members can enjoy the same peace of mind riding their bicycles as they do driving their cars — at no extra cost!

AAA Bicycle Service lets you ride with confidence knowing that you won't be stranded if your bicycle breaks down on your ride. However, if a flat tire or broken chain cuts your ride short, we'll provide transportation for you and your bicycle to the destination of your choice.

- No need to enroll, AAA Bicycle Service is a standard benefit for Florida members
- AAA Bicycle Service works just like the towing benefit of your AAA Membership
- For service, simply call the number on the front of your AAA Membership Card
- Enjoy coverage for all bikes and tandems, including rentals and bike trailers

Enjoy your bike ride ... you've got AAA!

For more information, contact:

Or visit AAA.com/Bicycle

Bicycle transportation service is counted toward your allotted roadside assistance service calls per member, per membership year. AAA will transport you and your bike to any point of safety within the limits of your coverage. Please see AAA.com/Bicycle for full terms and conditions. 16-MS-2208A
